

CON B SKITTLES

Match Report

Friday 23rd November

After a couple of weeks away from our alley for a proper match we wanted to get down to business. The game began as a very close affair with very little in it. Thanks to Des aka 'Biker' scoring 40 with a good 12 spare to give us hope. The Tornadoes had a stroke of bad luck on their final hand down to give us a lead of 8 pins and a valuable 2 points. Onto the second where the pins decided to join our team for a change to give us the upper hand. It became very close towards the end of the set when C. Lacy of The Tornadoes scored an excellent 13 spare to give him a total score of 48. We turned up the heat and pulled back the throttle to win the set by 2 pins and another valuable 2 points. Onto the third where G. Horler of The Tornadoes had an excellent 5th hand down to gain an excellent 15 spare giving him another score of 48 for The Tornadoes. This gave them the edge to win the set by 12 pins robbing us of our 10 pin lead and losing us 2 valuable points. Onto the 4th. We played like Trojans to keep them at bay. Thanks to Steve T. aka 'Vice' getting an excellent 16 spare to get our teams' highest score of 48, (well done). A. Crawford of The Tornadoes fought back with a 15 spare; alas this was not enough to secure victory for them. Captain Woody battled on valiantly getting a good 13 spare which helped our cause greatly. It was thanks to this that tugged us back from the brink of defeat to give us a win of 8 pins to give us an overall win of only 6 pins, giving us a very welcome 12 points overall - boy did we need them! Things are beginning to look up at long last with 2 wins in 2 weeks. Fantastic!
