

# CON B SKITTLES

## Match Report

Friday 28th March

The first match after Easter. I think we must all have been suffering with the after effects of a chocolate overload from all those yummy Easter Eggs our players consumed last weekend. All I can really say to this weeks match as far as we were concerned is "What a Disaster!" We were playing against "The Nutters", who, certainly up until this match, were floundering in the bottom position of the table. We had beaten them, twice, previously this season and were looking forward to a resounding triple. Sorry to say it just did not happen. We had an 'ok' first set but without 'edgehog being present we had to change round the sets a bit. So, as you can imagine, the inevitable happened, yes, we lost! But only by 9 pins! S. Davis of The Nutters managed a good 10 spare on his final hand and went on to score a good 41. So going into the second set with a 9 pin deficit and zero points, we needed help, and fast. Doug, Vince and Andy G. took the stand for the second. Doug was suffering again and could not get the angle he wanted. The saviour for our side in this set was Andy G. who went on to score a good 43 without a spare. The Nutters just blew us away when they played, S. Hodgkins who played very well to hit 3 good spares of 11, 9, and 13 on his 2nd, 4th and final hand. He went on to score a good 51. This was bettered by S. Fletcher who hit a superb 17 spare on his first hand down and went on to score a fantastic 52. This clinched the set by 18 pins. They were now 27 pins ahead and now had 4 points. Onto the third set, could we redeem ourselves, ummmm don't think so! Kev, John, and Steve C were next up. They could not hit the mark either so we only scored 107. The Nutters on the other hand fared slightly better and score 109. This gave them yet another 2 pins which brought their total profit to 29 and yep 2 more points. The final set consisted of Dixie, Dave and Captain Woody. They all played well with fairly matched scores across the card. Dave just had the upper hand for our side and managed to score a good 45 which was our sides' highest score and without a spare, so well done to him. The Nutters also played well as a unit by matching almost pin for pin. They again went on to win this set by 2 pins too. So as you can see we were well and truly thrashed 14 points to 0. And they had 31 pins profit over us.
