

CON B SKITTLES

2011 – 2012 Pre-Season Report

Well the summer is almost over and it will soon be time to dust off the cobwebs as far as playing skittles is concerned. The new fixtures have been published and our matches are available on the Fixtures page of this site. For those of you who play for other teams within the Central Skittles League and like to visit this site to see how we are doing, your fixtures are available on the official CSL site.

Looking at the season ahead I think that we will have an interesting season to say the least. There does not seem to be any venue we have not played at before despite having a couple of different teams to play against us this season. One interesting thing that I noticed was that we seem to be playing three matches on our own alley in November, twice with us being the home team and once when we are the away team against The Wookurs.

Included within our fixture list are the cup matches, but if we find ourselves in the unfortunate position of being knocked out then these will be taken away from the page to avoid any confusion. I have not included any of the pairs or individual competitions, but those of you who play in them will be informed by Captain Woody when and where you are playing when the draws etc have been made and circulated. To save space on the fixtures list I have not put in any of the weeks when there is no match to be played due to Christmas or Easter etc.

I will keep up with the regular match reports as in previous seasons and place them on the Archives pages as well so that they can be easily printed out or saved on your own computers should you have an excellent match. I know I say it during the matches but if any of you feel that you would like to compile a match report for these pages then feel free to do so and forward it on to me at the e-mail address on the contact page. I know that Grandad has in the past submitted a short report to The Weston Mercury so thanks to him for that. Once the reports are on line please feel free to post any comments about it by clicking the link at the bottom of the report. I welcome comments about the matches and my reports because it is these that tend to make this site what it is and as popular as it is rapidly becoming.

I hope that you all enjoy visiting this site as much as I enjoy updating it during the season and if there is anything that you would like to see changed or added or amended due to errors (yes I am human and do make mistakes) then do let me know, because unless I know about them, I cannot change them.

That just about wraps things up for this pre-season report before the season kicks off on Friday 2nd September 2012 just as the children go back to school. I hope to have the report for the first match on line hopefully by Monday 5th September unless there are any problems with the system.

I have also included a PDF file on the Archives page table showing the end of the 2010 – 2011 season positions.

So I look forward to seeing all the team members on that first Friday against The Depoteers.
